The Hawkins Clock Company Ltd

At Hawkins Clocks, we provide a complete design, build, installation and backup service second to none, combining the benefits of age-old craftsmanship with the advances of modern technology. A clock is a notable feature, which enhances the appearance and value of a building and its surroundings. Clocks are ideal focal points, and draw peoples' attention to buildings that might otherwise go unnoticed. Many of our clients marked the start of the third Millennium by fitting Hawkins commemorative timepieces and features.

The Hawkins range is built around clocks made from the best materials.

Our prices represent excellent value and our normal delivery date of 4 - 6 weeks is something we pride ourselves on achieving and often bettering.

Put a Hawkins Clock on your building and enjoy the quality and imposing beauty.
